**Asia Pacific Customer Service Consortium Announces Winners of the  
2009 Customer Relationship Excellence Awards  
~ The Most Important Asia Pacific Awards of its Kind ~**

Hong Kong, China – June 2nd, 2010 – At the *2010 Asia Pacific CRE Awards Dinner Ceremony*, Asia Pacific Customer Service Consortium (APCSC) has announced the list of **Winners** for the *2009 Customer Relationship Excellence Awards (CRE Awards)*. They are selected through a comprehensive balanced score card of self assessment benchmarking, business case presentations, mystery calls, CSQS site assessment by the judging panel based on the Customer Service Quality Standard (CSQS), public webvoting and a final round of judging by a panel of customer relationship excellence experts.

**The goal of the CRE Awards** is to promote service quality and Customer Relationship Excellence in international cities across Asia Pacific and to recognize governments, companies, business units, teams, and individuals that have contributed to the success of both their customers and the organizations that they serve.

**Mr. Jason Chu, Chairman of APCSC** said, “Customer Relationship Excellence (CRE) Leadership is the way forward! In retrospect, during the financial crisis, the consumer’s rights had been at risk and their interests compromised. Post global financial crisis today, renewed and re-elected leadership on the top across government, financial, and businesses worldwide have been working hard against time and public scrutiny around the globe to learn from the past mistakes to improve their public relationship and efficient services, to respond to the voices of their customers, to restore confidence and trust with their constituents, to re-examine and re-design their systems and processes, to rectify the various root causes so as to prevent future detriment and injustice, and to ensure a transparent policy and sound strategy with long term sustainable growth. CRE Leadership embraces customers to create win-win-win for the organization, employees and customers. The CRE Leaders are ready to accept new challenges and anticipate crisis to turn them into opportunities and reinvent competitive advantages because they have developed the discipline to always take customer complaint as a gift to improve their products and services and furthermore, as an opportunity to strengthen customer loyalty.”

**Mr. Chu** further emphasized, “CRE Leadership is the way forward! Many of the CRE Awards winners this year have demonstrated a strong desire and determination to embrace customer relationship excellence by introducing multiple communication and interaction channels, performance management systems, and operational excellence execution in meeting world class Customer Service Quality Standard (CSQS), setting a greater mission striving to contribute towards corporate social responsibilities and creating a sustainable CRE corporate culture. We are facing fast changing landscapes in business, technology, internet and social media network, and the quickest rebound in the Asia Pacific region with strong GDP growth, consumer spending, institutional investments. In order for Asia Pacific to build a sustainable growth and healthy global economy, both public and private sectors must take up social responsibilities together with sound sustainable green environmental strategy to protect the vast majority of the consumer’s rights and interests with a systematic process and risk management for Customer Relationship Excellence.”

**Mr. Chu** concluded, “CRE Leadership is the way forward! Tonight, you are the CRE Leaders who represent the CRE Leadership Community and set the standards for your respective industry. When most businesses are still finding directions post global financial crisis, you are being recognized with your outstanding team work, service innovation, and pursuit of excellence. It is especially encouraging that you remained focused and determined to take part in the CRE Awards assessment and benchmarking to better yourselves and to set CRE Leadership. On behalf of APCSC and CRE Awards judging panel and organizing committee, congratulations to all of you Customer Relationship Excellence Awards winners!”
